MICROSOFT SOFTWARE LICENSE TERMS
MICROSOFT .NET LIBRARY

These license terms are an agreement between Microsoft Corporation (or based on where you live, one of its affiliates) and you. They apply to the software named above. The terms also apply to any Microsoft services or updates for the software, except to the extent those have different terms.

IF YOU COMPLY WITH THESE LICENSE TERMS, YOU HAVE THE RIGHTS BELOW.

1. INSTALLATION AND USE RIGHTS.

You may install and use any number of copies of the software to design, develop and test your applications. You may modify, copy, distribute or deploy any .js files contained in the software as part of your applications.

2. THIRD PARTY COMPONENTS. The software may include third party components with separate legal notices or governed by other agreements, as may be described in the ThirdPartyNotices file(s) accompanying the software.

3. ADDITIONAL LICENSING REQUIREMENTS AND/OR USE RIGHTS.

a. DISTRIBUTABLE CODE. In addition to the .js files described above, the software is comprised of Distributable Code. “Distributable Code” is code that you are permitted to distribute in programs you develop if you comply with the terms below.

   i. Right to Use and Distribute.
      • You may copy and distribute the object code form of the software.
      • Third Party Distribution. You may permit distributors of your programs to copy and distribute the Distributable Code as part of those programs.

   ii. Distribution Requirements. For any Distributable Code you distribute, you must
      • use the Distributable Code in your programs and not as a standalone distribution;
      • require distributors and external end users to agree to terms that protect it at least as much as this agreement;
      • display your valid copyright notice on your programs; and
      • indemnify, defend, and hold harmless Microsoft from any claims, including attorneys’ fees, related to the distribution or use of your applications, except to the extent that any claim is based solely on the Distributable Code.

   iii. Distribution Restrictions. You may not
      • alter any copyright, trademark or patent notice in the Distributable Code;
      • use Microsoft’s trademarks in your programs’ names or in a way that suggests your programs come from or are endorsed by Microsoft;
include Distributable Code in malicious, deceptive or unlawful programs; or
modify or distribute the source code of any Distributable Code so that any part of it becomes subject to an Excluded License. An Excluded License is one that requires, as a condition of use, modification or distribution, that
• the code be disclosed or distributed in source code form; or
• others have the right to modify it.

4. DATA.
   a. Data Collection. The software may collect information about you and your use of the software, and send that to Microsoft. Microsoft may use this information to provide services and improve our products and services. You may opt-out of many of these scenarios, but not all, as described in the product documentation. There are also some features in the software that may enable you and Microsoft to collect data from users of your applications. If you use these features, you must comply with applicable law, including providing appropriate notices to users of your applications together with a copy of Microsoft’s privacy statement. Our privacy statement is located at https://go.microsoft.com/fwlink/?LinkId=824704. You can learn more about data collection and use in the help documentation and our privacy statement. Your use of the software operates as your consent to these practices.

   b. Processing of Personal Data. To the extent Microsoft is a processor or subprocessor of personal data in connection with the software, Microsoft makes the commitments in the European Union General Data Protection Regulation Terms of the Online Services Terms to all customers effective May 25, 2018, at http://go.microsoft.com/?linkid=9840733.

5. SCOPE OF LICENSE. The software is licensed, not sold. This agreement only gives you some rights to use the software. Microsoft reserves all other rights. Unless applicable law gives you more rights despite this limitation, you may use the software only as expressly permitted in this agreement. In doing so, you must comply with any technical limitations in the software that only allow you to use it in certain ways. You may not
   • work around any technical limitations in the software;
   • reverse engineer, decompile or disassemble the software, or otherwise attempt to derive the source code for the software, except and to the extent required by third party licensing terms governing use of certain open source components that may be included in the software;
   • remove, minimize, block or modify any notices of Microsoft or its suppliers in the software;
   • use the software in any way that is against the law; or
   • share, publish, rent or lease the software, provide the software as a stand-alone offering for others to use, or transfer the software or this agreement to any third party.

6. EXPORT RESTRICTIONS. You must comply with all domestic and international export laws and regulations that apply to the software, which include restrictions on destinations, end users, and end use. For further information on export restrictions, visit www.microsoft.com/exporting.
7. SUPPORT SERVICES. Because this software is “as is,” we may not provide support services for it.

8. ENTIRE AGREEMENT. This agreement, and the terms for supplements, updates, Internet-based services and support services that you use, are the entire agreement for the software and support services.

9. APPLICABLE LAW. If you acquired the software in the United States, Washington law applies to interpretation of and claims for breach of this agreement, and the laws of the state where you live apply to all other claims. If you acquired the software in any other country, its laws apply.

10. CONSUMER RIGHTS; REGIONAL VARIATIONS. This agreement describes certain legal rights. You may have other rights, including consumer rights, under the laws of your state or country. Separate and apart from your relationship with Microsoft, you may also have rights with respect to the party from which you acquired the software. This agreement does not change those other rights if the laws of your state or country do not permit it to do so. For example, if you acquired the software in one of the below regions, or mandatory country law applies, then the following provisions apply to you:
   a) Australia. You have statutory guarantees under the Australian Consumer Law and nothing in this agreement is intended to affect those rights.
   b) Canada. If you acquired this software in Canada, you may stop receiving updates by turning off the automatic update feature, disconnecting your device from the Internet (if and when you re-connect to the Internet, however, the software will resume checking for and installing updates), or uninstalling the software. The product documentation, if any, may also specify how to turn off updates for your specific device or software.
   c) Germany and Austria.
      (i) Warranty. The software will perform substantially as described in any Microsoft materials that accompany it. However, Microsoft gives no contractual guarantee in relation to the software.
      (ii) Limitation of Liability. In case of intentional conduct, gross negligence, claims based on the Product Liability Act, as well as in case of death or personal or physical injury, Microsoft is liable according to the statutory law.

Subject to the foregoing clause (ii), Microsoft will only be liable for slight negligence if Microsoft is in breach of such material contractual obligations, the fulfillment of which facilitate the due performance of this agreement, the breach of which would endanger the purpose of this agreement and the compliance with which a party may constantly trust in (so-called “cardinal obligations”). In other cases of slight negligence, Microsoft will not be liable for slight negligence

11. DISCLAIMER OF WARRANTY. THE SOFTWARE IS LICENSED “AS-IS.” YOU BEAR THE RISK OF USING IT. MICROSOFT GIVES NO EXPRESS WARRANTIES, GUARANTEES OR CONDITIONS. TO THE EXTENT PERMITTED UNDER YOUR LOCAL LAWS, MICROSOFT EXCLUDES THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT.
12. LIMITATION ON AND EXCLUSION OF REMEDIES AND DAMAGES. YOU CAN RECOVER FROM MICROSOFT AND ITS SUPPLIERS ONLY DIRECT DAMAGES UP TO U.S. $5.00. YOU CANNOT RECOVER ANY OTHER DAMAGES, INCLUDING CONSEQUENTIAL, LOST PROFITS, SPECIAL, INDIRECT OR INCIDENTAL DAMAGES.

This limitation applies to (a) anything related to the software, services, content (including code) on third party Internet sites, or third-party applications; and (b) claims for breach of contract, breach of warranty, guarantee or condition, strict liability, negligence, or other tort to the extent permitted by applicable law.

It also applies even if Microsoft knew or should have known about the possibility of the damages. The above limitation or exclusion may not apply to you because your state or country may not allow the exclusion or limitation of incidental, consequential or other damages.

MICROSOFT SOFTWARE LICENSE TERMS
MICROSOFT VISUAL STUDIO COMMUNITY 2015

These license terms are an agreement between Microsoft Corporation (or based on where you live, one of its affiliates) and you. They apply to the software named above. The terms also apply to any Microsoft services or updates for the software, except to the extent those have different terms.

IF YOU COMPLY WITH THESE LICENSE TERMS, YOU HAVE THE RIGHTS BELOW.

1. INSTALLATION AND USE RIGHTS.
   1. Individual license. If you are an individual working on your own applications to sell or for any other purpose, you may use the software to develop and test those applications.
   2. Organization licenses. If you are an organization, your users may use the software as follows:
      ▪ Any number of your users may use the software to develop and test your applications released under Open Source Initiative (OSI) approved open source software licenses.
      ▪ Any number of your users may use the software to develop and test Xamarin Studio or Visual Studio extensions and Xamarin Component Store or Visual Studio Marketplace components.
      ▪ Any number of your users may use the software to develop and test your applications as part of online or in person classroom training and education, or for performing academic research.
      ▪ If none of the above apply, and you are also not an enterprise (defined below), then up to 5 of your individual users can use the software concurrently to develop and test your applications.
      ▪ If you are an enterprise, your employees and contractors may not use the software to develop or test your applications, except for open source and education purposes as permitted above. An “enterprise” is any organization and its affiliates who collectively have either (a) more than 250 computers or users or (b) more than one million US dollars (or the equivalent in other currencies) in annual revenues, and
“affiliates” means those entities that control (via majority ownership), are controlled by, or are under common control with an organization.

3. **Demo use.** The uses permitted above include use of the software in demonstrating your applications.

2. **TERMS FOR SPECIFIC COMPONENTS.**

1. **Utilities.** The software contains some items on the Utilities List at http://go.microsoft.com/fwlink/?LinkId=523763&clcid=0x409. You may copy and install those items, if included with the software, on yours or other third-party machines, to debug and deploy your applications and databases you developed with the software. Please note that Utilities are designed for temporary use, that Microsoft may not be able to patch or update Utilities separately from the rest of the software, and that some Utilities by their nature may make it possible for others to access machines on which they are installed. As a result, you should delete all Utilities you have installed after you finish debugging or deploying your applications and databases. Microsoft is not responsible for any third-party use or access of Utilities you install on any machine.

2. **Build Server.** The software contains some items on the Build Server List at http://go.microsoft.com/fwlink/?LinkId=523763&clcid=0x409. You may install copies of those items, if included with the software, on your build machines. You and others in your organization may use these items on your build machines solely for the purposes of compiling, building, verifying and archiving your applications or running quality or performance tests as part of the build process.

3. **Font Components.** While the software is running, you may use its fonts to display and print content. You may only (i) embed fonts in content as permitted by the embedding restrictions in the fonts; and (ii) temporarily download them to a printer or other output device to help print content.

4. **Licenses for other components.**

   - **Microsoft platforms.** The software may include components from Microsoft Windows; Microsoft Windows Server; Microsoft SQL Server; Microsoft Exchange; Microsoft Office; and Microsoft SharePoint. These components are governed by separate agreements and their own product support policies, as described in the license terms found in the installation directory for that component or in the “Licenses” folder accompanying the software.

   - **Developer resources.** The software includes compilers, languages, runtimes, environments, and other resources. These components may be governed by separate agreements and have their own product support policies. A list of these other components is located at www.support.microsoft.com/common/international/.aspx.

   - **Third party components.** The software may include third party components with separate legal notices or governed by other agreements, as described in the ThirdPartyNotices file accompanying the software. Even if such components are governed by other agreements, the disclaimers and the limitations on and exclusions of damages below also apply. The software may also include components licensed under open source licenses with source code availability obligations. Copies of those licenses, if applicable, are included in the ThirdPartyNotices file. You
may obtain this source code from us, if and as required under the relevant open source licenses, by sending a money order or check for $5.00 to: Source Code Compliance Team, Microsoft Corporation, 1 Microsoft Way, Redmond, WA 98052. Please write “source code for Microsoft Visual Studio Community 2015” in the memo line of your payment. We may also make a copy of the source code available at http://thirdpartysource.microsoft.com.

5. **Package Managers.** The software includes package managers, like NuGet, that give you the option to download other Microsoft and third-party software packages to use with your application. Those packages are under their own licenses, and not this agreement. Microsoft does not distribute, license or provide any warranties for any of the third-party packages.

3. **DISTRIBUTABLE CODE.** The software contains code that you are permitted to distribute in applications you develop if you comply with the terms below. (For this Section the term “distribution” also means deployment of your applications for third parties to access over the Internet.)

1. **Distribution Rights.** The code and text files listed below are “Distributable Code.”
   - REDIST.TXT Files. You may copy and distribute the object code form of code listed on the REDIST list located at http://go.microsoft.com/fwlink/?LinkId=523763&clcid=0x409.
   - Sample Code, Templates and Styles. You may copy, modify and distribute the source and object code form of code marked as “sample”, “template”, “Simple Styles” or “Sketch Styles”.
   - Image Library. You may copy and distribute images, graphics and animations in the Image Library as described in the software documentation.
   - Third Party Distribution. You may permit distributors of your applications to copy and distribute the Distributable Code as part of those applications.

2. **Distribution Requirements.** For any Distributable Code you distribute, you must:
   - add significant primary functionality to it in your applications; and
   - require distributors and external end users to agree to terms that protect the Distributable Code at least as much as this agreement.

3. **Distribution Restrictions.** You may not:
   - use Microsoft’s trademarks in your applications’ names or branding in a way that suggests your applications come from or are endorsed by Microsoft; or
   - modify or distribute the source code of any Distributable Code so that any part of it becomes subject to an Excluded License. An “Excluded License” is one that requires, as a condition of use, modification or distribution, that (i) the code be disclosed or distributed in source code form; or (ii) others have the right to modify it.

4. **DATA.** The software may collect information about you and your use of the software, and send that to Microsoft. Microsoft may use this information to provide services and improve our products and services. You may opt-out of many of these scenarios, but not all, as described in the product documentation. There are also some features in the software that may enable you to collect data from users of your applications. If you use these features to enable data collection in your applications, you must comply with
applicable law, including providing appropriate notices to users of your applications. You can learn more about data collection and use in the help documentation and the privacy statement at http://go.microsoft.com/fwlink/?LinkId=528096&clcid=0x409. Your use of the software operates as your consent to these practices.

5. **SCOPE OF LICENSE.** The software is licensed, not sold. This agreement only gives you some rights to use the software. Microsoft reserves all other rights. Unless applicable law gives you more rights despite this limitation, you may use the software only as expressly permitted in this agreement. In doing so, you must comply with any technical limitations in the software that only allow you to use it in certain ways. For more information, see www.microsoftvolumelicensing.com. You may not
   - work around any technical limitations in the software;
   - reverse engineer, decompile or disassemble the software, or attempt to do so, except and only to the extent required by third party licensing terms governing the use of certain open-source components that may be included with the software;
   - remove, minimize, block or modify any notices of Microsoft or its suppliers in the software;
   - use the software in any way that is against the law;
   - share, publish, rent or lease the software, or provide the software as a stand-alone hosted solution for others to use.

6. **SUPPORT SERVICES.** Because this software is “as is,” we may not provide support services for it.

7. **ENTIRE AGREEMENT.** This agreement, and the terms for supplements, updates, Internet-based services and support services that you use, are the entire agreement for the software and support services.

8. **EXPORT RESTRICTIONS.** You must comply with all domestic and international export laws and regulations that apply to the software, which include restrictions on destinations, end users, and end use. For further information on export restrictions, visit (aka.ms/exporting).

9. **APPLICABLE LAW.** If you acquired the software in the United States, Washington law applies to interpretation of and claims for breach of this agreement, and the laws of the state where you live govern all other claims. If you acquired the software in any other country, its laws apply.

10. **CONSUMER RIGHTS; REGIONAL VARIATIONS.** This agreement describes certain legal rights. You may have other rights, including consumer rights, under the laws of your state or country. Separate and apart from your relationship with Microsoft, you may also have rights with respect to the party from which you acquired the software. This agreement does not change those other rights if the laws of your state or country do not permit it to do so. For example, if you acquired the software in one of the below regions, or mandatory country law applies, then the following provisions apply to you:
   - **Australia.** You have statutory guarantees under the Australian Consumer Law and nothing in this agreement is intended to affect those rights.
   - **Canada.** If you acquired this software in Canada, you may stop receiving updates by turning off the automatic update feature, disconnecting your device from the Internet (if and when you re-connect to the Internet, however, the software will resume checking for and installing updates), or uninstalling the software. The product documentation, if any, may also specify how to turn off updates for your specific device or software.
   - **Germany and Austria.**
1.

1. **Warranty.** The properly licensed software will perform substantially as described in any Microsoft materials that accompany the software. However, Microsoft gives no contractual guarantee in relation to the licensed software.

2. **Limitation of Liability.** In case of intentional conduct, gross negligence, claims based on the Product Liability Act, as well as, in case of death or personal or physical injury, Microsoft is liable according to the statutory law.

Subject to the foregoing clause (ii), Microsoft will only be liable for slight negligence if Microsoft is in breach of such material contractual obligations, the fulfillment of which facilitate the due performance of this agreement, the breach of which would endanger the purpose of this agreement and the compliance with which a party may constantly trust in (so-called “cardinal obligations”). In other cases of slight negligence, Microsoft will not be liable for slight negligence.

11. **DISCLAIMER OF WARRANTY.** THE SOFTWARE IS LICENSED “AS-IS.” YOU BEAR THE RISK OF USING IT. MICROSOFT GIVES NO EXPRESS WARRANTIES, GUARANTEES OR CONDITIONS. TO THE EXTENT PERMITTED UNDER YOUR LOCAL LAWS, MICROSOFT EXCLUDES THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT.

12. **LIMITATION ON AND EXCLUSION OF DAMAGES.** YOU CAN RECOVER FROM MICROSOFT AND ITS SUPPLIERS ONLY DIRECT DAMAGES UP TO U.S. $5.00. YOU CANNOT RECOVER ANY OTHER DAMAGES, INCLUDING CONSEQUENTIAL, LOST PROFITS, SPECIAL, INDIRECT OR INCIDENTAL DAMAGES. This limitation applies to (a) anything related to the software, services, content (including code) on third party Internet sites, or third-party applications; and (b) claims for breach of contract, breach of warranty, guarantee or condition, strict liability, negligence, or other tort to the extent permitted by applicable law. It also applies even if Microsoft knew or should have known about the possibility of the damages. The above limitation or exclusion may not apply to you because your state or country may not allow the exclusion or limitation of incidental, consequential or other damages.

**Notice about video codecs.** The software may include H.264/MPEG-4 AVC and/or VC-1 decoding technology. MPEG LA, L.L.C. requires this notice:

**This product is licensed under the H.264/AVC and the VC-1 patent portfolio licenses for the personal and non-commercial use of a consumer to (i) encode video in compliance with the above standards (“video standards”) and/or (ii) decode AVC, and VC-1 video that was encoded by a consumer engaged in a personal and non-commercial activity and/or was obtained from a video provider licensed to provide such video. None of the licenses extend to any other product regardless of whether such product is included with this software in a single article. No license is granted or shall be implied for any other use. Additional information may be obtained from MPEG LA, L.L.C. See www.mpeglacom.**
For clarity, this notice does not limit use of the software for normal business uses for that business which do not include (i) redistribution of the decoding technology to third parties, or (ii) creation of content with the VIDEO STANDARDS compliant technologies for distribution to third parties.

MICROSOFT SOFTWARE LICENSE TERMS
MICROSOFT VISUAL STUDIO COMMUNITY 2017

These license terms are an agreement between you and Microsoft Corporation (or based on where you live, one of its affiliates). They apply to the software named above. The terms also apply to any Microsoft services or updates for the software, except to the extent those have different terms.

IF YOU COMPLY WITH THESE LICENSE TERMS, YOU HAVE THE RIGHTS BELOW.

1. INSTALLATION AND USE RIGHTS.
   a. Individual License. If you are an individual working on your own applications to sell or for any other purpose, you may use the software to develop and test those applications.
   b. Organizational License. If you are an organization, your users may use the software as follows:
      • Any number of your users may use the software to develop and test applications released under Open Source Initiative (OSI) approved open source software licenses.
      • Any number of your users may use the software to develop and test extensions to Visual Studio.
      • Any number of your users may use the software to develop and test device drivers for the Windows operating system.
      • Any number of your users may use the software to develop and test your applications as part of online or in person classroom training and education, or for performing academic research.
      • If none of the above apply, and you are also not an enterprise (defined below), then up to 5 of your individual users can use the software concurrently to develop and test your applications.
      • If you are an enterprise, your employees and contractors may not use the software to develop or test your applications, except for: (i) open source; (ii) Visual Studio extensions; (iii) device drivers for the Windows operating system; and, (iv) education purposes as permitted above.

   An “enterprise” is any organization and its affiliates who collectively have either (a) more than 250 PCs or users or (b) one million U.S. dollars (or the equivalent in other currencies) in annual revenues, and “affiliates” means those entities that control (via majority ownership), are controlled by, or are under common control with an organization.
   c. Workloads. These license terms apply to your use of the Workloads made available to you within the software, except to the extent a Workload, or a Workload component comes with different terms.
   d. Demo Use. The uses permitted above include use of the software in demonstrating your applications.
e. Backup Copy. You may make one backup copy of the software, for reinstalling the software.

2. TERMS FOR SPECIFIC COMPONENTS.
   a. Utilities. The software contains items on the Utilities List at https://go.microsoft.com/fwlink/?LinkId=823095. You may copy and install these Utilities, if included with the software, onto your devices to debug and deploy your applications and databases you developed with the software. Please note that Utilities are designed for temporary use, that Microsoft may not be able to patch or update Utilities separately from the rest of the software, and that some Utilities by their nature may make it possible for others to access the devices on which the Utilities are installed. As a result, you should delete all Utilities you have installed after you finish debugging or deploying your applications and databases. Microsoft is not responsible for any third-party use or access of Utilities you install on any devices.

   b. Build Tools. You may copy and install files from the software onto your build devices, including physical devices and virtual machines or containers on those machines, whether on-premises or remote machines that are owned by you, hosted on Azure by you, or dedicated solely to your use (collectively, “Build Devices”). You and others in your organization may use these files on your Build Devices solely to compile, build, and verify applications or run quality or performance tests of those applications as part of the build process. For clarity, “applications” means applications developed by you and others in your organization who are each licensed to use the software.

   c. Font Components. While the software is running, you may use its fonts to display and print content. You may only (i) embed fonts in content as permitted by the embedding restrictions in the fonts; and (ii) temporarily download them to a printer or other output device to print content.

   d. Licenses for Other Components.
      - **Microsoft Platforms.** The software may include components from Microsoft Windows; Microsoft Windows Server; Microsoft SQL Server; Microsoft Exchange; Microsoft Office; and Microsoft SharePoint. These components are governed by separate agreements and their own product support policies, as described in the Microsoft “Licenses” folder accompanying the software, except that, if license terms for those components are also included in the associated installation directory, those license terms control.
      - **Developer Resources.** The software includes compilers, languages, runtimes, environments, and other resources. These components may be governed by separate agreements and have their own product support policies. A list of these other components is located at https://support.microsoft.com.
      - **Third party Components.** The software may include third party components with separate legal notices or governed by other agreements, as may be described in the ThirdPartyNotices file(s) accompanying the software.

   e. Package Managers. The software includes package managers, like NuGet, that give you the option to download other Microsoft and third-party software packages to use with your application. Those packages are under their own licenses, and not this agreement. Microsoft does not distribute, license or provide any warranties for any of the third-party packages.

3. DISTRIBUTABLE CODE. The software contains code that you may distribute in applications you develop as described in this Section. (In this Section, the term “

“distribution” also means deployment of your applications for third parties to access over the Internet.)

a. Right to Use and Distribute. The code and other files listed below are “Distributable Code.”
   - REDIST.TXT Files. You may copy and distribute the object code form of code listed on the REDIST list located at https://go.microsoft.com/fwlink/?LinkId=823098.
   - Sample Code, Templates and Styles. You may copy, modify and distribute the source and object code form of code marked as “sample”, “template”, “simple styles” or “sketch styles”.
   - Image Library. You may copy and distribute images, graphics and animations in the Image Library as described in the software documentation.
   - Third party Distribution. You may permit distributors of your applications to copy and distribute the Distributable Code as part of those applications.

b. Distribution Requirements. For any Distributable Code you distribute, you must:
   - add significant primary functionality to it in your applications; and
   - require distributors and external end users to agree to terms that protect the Distributable Code at least as much as this agreement.

c. Distribution Restrictions. You may not:
   - use Microsoft’s trademarks in your applications’ names or in a way that suggests your applications come from or are endorsed by Microsoft; or
   - modify or distribute the source code of any Distributable Code so that any part of it becomes subject to an Excluded License. An “Excluded License” is one that requires, as a condition of use, modification or distribution of code, that (i) it be disclosed or distributed in source code form; or (ii) others have the right to modify it.

4. DATA.
   a. Data Collection. The software may collect information about you and your use of the software, and send that to Microsoft. Microsoft may use this information to provide services and improve our products and services. You may opt-out of many of these scenarios, but not all, as described in the product documentation. There are also some features in the software that may enable you and Microsoft to collect data from users of your applications. If you use these features, you must comply with applicable law, including providing appropriate notices to users of your applications together with a copy of Microsoft’s privacy statement. Our privacy statement is located at https://go.microsoft.com/fwlink/?LinkId=824704. You can learn more about data collection and use in the help documentation and our privacy statement. Your use of the software operates as your consent to these practices.
   b. Processing of Personal Data. To the extent Microsoft is a processor or subprocessor of personal data in connection with the software, Microsoft makes the commitments in the European Union General Data Protection Regulation Terms of the Online Services Terms to all customers effective May 25, 2018, at http://go.microsoft.com/?linkid=9840733.

5. SCOPE OF LICENSE. The software is licensed, not sold. This agreement only gives you some rights to use the software. Microsoft reserves all other rights. Unless applicable law gives you more rights despite this limitation, you may use the software only as expressly permitted in this agreement. In doing so, you must comply with any technical limitations in the software that only allow you to use it in certain ways. You may not:
   - work around any technical limitations in the software;
reverse engineer, decompile or disassemble the software, or otherwise attempt to
derive the source code for the software except, and only to the extent required by
third party licensing terms governing the use of certain open-source components
that may be included with the software;
• remove, minimize, block or modify any notices of Microsoft or its suppliers in the
software;
• use the software in any way that is against the law; or
• share, publish, rent or lease the software, provide the software as a stand-alone
offering for others to use, or transfer the software or this agreement to any third
party.
6. SUPPORT. Because the software is “as is,” we may not provide support services for
it.
7. ENTIRE AGREEMENT. This agreement, and the terms for supplements, updates,
Internet-based services and support services that you use, are the entire agreement for the
software and support services.
8. EXPORT RESTRICTIONS. You must comply with all domestic and international export
laws and regulations that apply to the software, which include restrictions on destinations,
end users and end use. For further information on export restrictions, visit
www.microsoft.com/exporting.
9. APPLICABLE LAW. If you acquired the software in the United States, Washington State
law applies to interpretation of and claims for breach of this agreement, and the laws of
the state where you live apply to all other claims. If you acquired the software in any other
country, its laws apply.
10. CONSUMER RIGHTS; REGIONAL VARIATIONS. This agreement describes certain
legal rights. You may have other rights, including consumer rights, under the laws of your
state or country. Separate and apart from your relationship with Microsoft, you may also
have rights with respect to the party from which you acquired the software. This
agreement does not change those other rights if the laws of your state or country do not
permit it to do so. For example, if you acquired the software in one of the below regions,
or mandatory country law applies, then the following provisions apply to you:
a. Australia. You have statutory guarantees under the Australian Consumer Law and
nothing in this agreement is intended to affect those rights.
b. Canada. If you acquired this software in Canada, you may stop receiving updates by
turning off the automatic update feature, disconnecting your device from the Internet
(if and when you re-connect to the Internet, however, the software will resume
checking for and installing updates), or uninstalling the software. The product
documentation, if any, may also specify how to turn off updates for your specific
device or software.
c. Germany and Austria.
   (i) Warranty. The software will perform substantially as described in any Microsoft
materials that accompany it. However, Microsoft gives no contractual guarantee in
relation to the software.
   (ii) Limitation of Liability. In case of intentional conduct, gross negligence, claims
based on the Product Liability Act, as well as in case of death or personal or physical
injury, Microsoft is liable according to the statutory law.
Subject to the foregoing clause (ii), Microsoft will only be liable for slight negligence
if Microsoft is in breach of such material contractual obligations, the fulfillment of
which facilitate the due performance of this agreement, the breach of which would
endanger the purpose of this agreement and the compliance with which a party may
constantly trust in (so-called “cardinal obligations”). In other cases of slight negligence, Microsoft will not be liable for slight negligence.

11. DISCLAIMER OF WARRANTY. THE SOFTWARE IS LICENSED “AS-IS.” YOU BEAR THE RISK OF USING IT. MICROSOFT GIVES NO EXPRESS WARRANTIES, GUARANTEES OR CONDITIONS. TO THE EXTENT PERMITTED UNDER YOUR LOCAL LAWS, MICROSOFT EXCLUDES THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT.

12. LIMITATION ON DAMAGES. YOU CAN RECOVER FROM MICROSOFT AND ITS SUPPLIERS ONLY DIRECT DAMAGES UP TO U.S. $5.00. YOU CANNOT RECOVER ANY OTHER DAMAGES, INCLUDING CONSEQUENTIAL, LOST PROFITS, SPECIAL, INDIRECT OR INCIDENTAL DAMAGES.

This limitation applies to (a) anything related to the software, services, content (including code) on third party Internet sites, or third-party applications; and (b) claims for breach of contract, breach of warranty, guarantee or condition, strict liability, negligence, or other tort to the extent permitted by applicable law.

It also applies even if Microsoft knew or should have known about the possibility of the damages. The above limitation or exclusion may not apply to you because your state or country may not allow the exclusion or limitation of incidental, consequential or other damages.
